## Sheriff M. E. Cantrell Receives New Two-way Radio Set; To Be of Great Value for County Law Enforcement

Sheriff M. E. Cantrell had a two-way radio installed in his car Saturday.

The thing is uncanny.

The Newsman was invited out to inspect the new machine. Knowing little or nothing about the operations of a two-way, we were introduced to the mystery of the airwaves as the car sat in front of the News office.

Sheriff Cantrell keeps the radio on during working hours, and any call to him from the Amarillo office to the State Highway Patrol is picked up at once. Conversation is carried on in the same manner as a telephone except you have no waits.

Sheriff Cantrell demonstrated by calling the Amarillo station for a State Highway Patrol car. In about 5 seconds the car answered from the highway north of Canyon next to the Grady Hazlewood farm. A short conversation was carried on, and the voice of the patrolman was heard with ease from the back seat.

After a little more explanation and exclaiming on the part of the Newsman, the Sheriff put in another call for the same car. By this time the State car had travelled five miles north from the original part of conversation.

Mr. Cantrell said he was driving 60 miles per hour west of Hereford Saturday night, when he put in a call through Amarillo back to Canyon. The radio works as well at a fast speed as while sitting still.

Along came County Commissioners P. H. Baber and Chas. Y. Johnson. The Sheriff took them for a little spin, and demonstrated the two-way.

The State Highway Patrol has operators on duty 24 hours per day.

As an example, the Sheriff stated a hypothetical case. An out of county car had driven up. Suppose it was suspicious and thought to be a stolen machine. He would call Amarillo, asking for Austin, where he would ask for the ownership of this particular car. In the matter of seconds he would have all of the information, and would be in position to act if it turned out to be a stolen car. The old method would take hours instead of seconds.

The State Highway Patrol has a different frequency and cannot be tapped by robbers who are seeking to get information by spotting cars before they act.

The Randall County Commissioners Court bought the new radio set for Sheriff M. E. Cantrell, and it will be of great benefit to the peace officers in their daily work.

## Body of Carl Drummond Sent For Reburial

T. SGT. CARL DRUMMOND

Mrs. Cora L. Drummond of 706 Fairmont, Amarillo, and former citizen of Canyon, has received word that the remains of her son, the late T. Sgt. Carl L. Drummond, are enroute to the United States.

Because of the manner in which he met his death it was not possible to identify his remains individually. Therefore burial of his remains and the remains of his comrades will be made in Jefferson Barracks National Cemetery, Jefferson Barracks, Missouri.

Uncertainty of travel and transportation makes it impossible at this time for officials to set the date for the funeral but Mrs. Drummond will be advised in time to make the trip if she so desires.

Appropriate joint military and religious services will be provided at graveside by veterans organization or Military or Naval personnel.

Sgt. Drummond left Canyon with Company F of the National Guard but transferred to the Air Corps while the Guards were statfoned at Brownwood. He was reported missing in action as of December 21, 1944, in the Asiatic Area by the War Department. In May 1946, Mrs. Drummond was notified that the Department had investigated thoroughly all records and reports and for their records set 22 April 1946 as the date of Carl's death.

On his last mission he was a crew member on a B-29 bomber, which left its base at Pensham, China, on a combat mission to Mukden, Manchuria. When approximately five or ten miles southwest of Mukden, the fighter was rammed by an enemy fighter plane at an attitude of about 20,000 feet and went into a spin and crashed. One crew member bailed out and was taken prisoner and eventually liberated, but could not give any information regarding the rest of the crew, as he lost consciousness almost immedately after leaving the ship. Investigation failed to reveal any additional information concerning the fate of the missing bomber and its crew.

Sgt. Drummond is survived by his mother, two brothers and a sister, all now living in Amairllo.

Mr. and Mrs. R. A. Eastus of Abilene spent the weekend in Amarillo in the home of their son-in-law and daughter, Mr. and Mrs. Louis Shirley. On Sunday Mr. and Mrs. Eastus and Mr. and Mrs. Shirley visited in the home of his parents, Mr. and Mrs. D. A. Shirley.

## Canyon News Placed High in Texas Press

The Canyon News placed in three of the four contests in which it was entered in the Texas Press Association newspaper contests.

While the News did not win top honors in any of the contests, it did pretty well in placing second in two contests, and fifth in the big contest. There are more than 600 weekly newspapers in Texas against which this paper was competing.

Second place was won in the excellency of advertising display.

Second place was won in the use of pictures in the weekly issue.

Fifth place was won in the big contest for press work, typography and make-up.

The Canyon News won first place in this latter contest a few years ago, but the competition has greatly increased during past years, with more and better weekly newspapers being produced throughout the State.

The Newsman was forced to cancell reservations for the convention held at Galveston at the last minute and was unable to be at the convention which was pronounced the greatest convention ever held of the Texas Press Association.

## Tornado Warnings Are Set Up by the Weather Bureau

A tornado warning system for the Panhandle was set up Thursday after a week of planning by the U. S. Weather Bureau of Amarillo.

G. W. Webb, at the Canyon airport, will be the local observer.

Observers have been appointed over a 50-mile radius from the Amarillo bureau. These observers are alerted when storm clouds begin to form, and will keep in touch with the Amarillo Bureau if tornado clouds start to form. It is estimated that advance warning may be given to citizens in practically all parts of this area by the information compiled by these observers.

While observers cannot stop tornados they will be able to warn persons in the path of the storm to seek shelter.

## One More Donation Is Given to the Tornado Victims

Contributions to the tornado relief fund have just about stopped. The deadline has been set for July 1, and those who have not made donations are urged to get in under the wire before closing time.

Miss Lou Ella Patterson sent in a check for $18.70 which was added to the tornado relief fund this week.

Mrs. Travis Shaw, Mrs. Ed Meyers and son, Carl, returned Sunday evening from the mountains west of Boulder, Colorado, where Carl packed the ice box with snow and stoked the furnace with logs. They reported a fine trip.

## Pending Bill Would Increase Road and Bridge Fund

Judge Burney Slack received a telegram Tuesday that HB 313 was pending in the Texas Senate, which is sponsored by the smaller counties of Texas. The bill has passed the House and will depend upon the action of the Senate and the Governor.

The bill provides that half of all license plate fees over $150,000 will be returned to the counties for local work.

This would mean $7,691.10 returned to Randall county on the sale of license plates this year.

Mr. Slack and the Chamber of Commerce got busy to urge Senator Grady Hazlewood to support the measure.

## Johnson Is Named President of Graduate Class

John E. Johnson of Fritch was elected president of the West Texas State College Summer School Graduate Class at a meeting at the Administration Building Thursday night. Dr. James L. Russell presided.

Other officers elected were J. B. Lowe of Amarillo, vice-president; Miss Anna Lee Hill of Dumas, secretary-treasurer; Mrs. Inez O. Welch of Hereford, historian; and Miss Ruby Johnson of Pampa, reporter.

Five members were selected for the entertainment committee. They were Mrs. Raymond Powell of Perryton, chairman; Miss Frances Brown of Dumas, Mrs. L. E. Hunten of Portales, New Mexico, Paul Kennedy of McLean, and Raymond Pack of Morse.

The group unanimously elected Dr. James L. Russell, Dean of Graduate Division and Dr. Ruth Lowes, Professor of Primary Education, their sponsors.

There are 292 enrolled in the Graduate Division. The group voted to meet every two weeks. The next meeting will be Tuesday, June 28, at 7:30 p. m. in the Administration Building. Every graduate student is urged to attend.

## Shooting Picture In Palo Duro To Start on Tuesday

The vanguard of the motion picture firm which will shoot a picture in the Palo Duro State Park arrived Monday and started the ball rolling, getting ready for the full crew which will arrive in a few days. It is planned to start shooting the picture on next Tuesday.

In the meanwhile, the road into the Palo Duro is being put in shape in order that the heavy sound trucks and equipment for the picture may be moved without delay.

The first shots will be taken at the old Goodnight headquarters. The road to the Harrell headquarters on the mesa in the west part of the Park is being put into shape so that there will be no danger of breakdowns of the trucks. The Lighthouse will be one of the focal points to be shot.

Jack King, motion picture manager of Amarillo, was here Monday with representatives of the firm which will shoot the picture. He was accompanied to the scene by W. H. Wooten and County Commissioners P. H. Baber and Chas. Y. Johnson.

All possible assistance will be offered locally to make the picture a success.

The choice of Palo Duro as the scene for the picture is interesting. A tourist from the east was directed by friends to the Palo Duro State Park. He was amazed at the beauty of the Park. Arriving at the home of his son in Hollywood, who is a motion picture executive, the tourist told his son of the Park and that a picture should be made. He had taken motion pictures of his visit to the Park. As a result a visit was made to the Park by picture scouts, and now the firm has a crew who will soon be shooting the beauties of the Palo Duro.

No extras will be needed for the picture, according to advance notice. The firm is bringing all of the crew needed for the picture.

**CEMETERY ASSOCIATION MEET**

The Cemetery Association will meet at 3:00 o'clock Monday afternoon in the Thompson Clubroom. All members are urged to be present.

Calvin Dawdy of Washington, D. C., is here visiting Mrs. H. W. Dawdy and Maud, Mrs. Nettie Babb, Mrs. Orva Henry and Virgil Dawdy.

Mr. and Mrs. Joe Baber with Mr. and Mrs. Scott Webster of Amarillo visited from Friday through Sunday with the Webster's son, Mr. and Mrs. Scott Webster, in Sherman.

## C. E. Thompson Assistant In Hardware Firm

CLARENCE E. THOMPSON

Clarence Eugene Thompson, son of Mr. and Mrs. C. L. Thompson, has been made assistant manager of Thompson Hardware Company and is now actively connected with the business in that capacity.

Clarence Eugene graduated from Canyon High School in 1942. While enrolled as a high school student he took an active part in all activities of the school and ranked in the upper 5% of the class in scholastic standing. He served as editor of the Eagle's Tale for one term; was a star basketball player; was elected president of the student senate; was a mamber of the National Honor Society for Secondary School, and of Quill and Scroll, National Honor Society of Journalism students, and was a member of the band. During his senior and junior years he played leads in the junior and senior plays. Through secret ballot he was selected by the faculty as winner of the Balfour Plaque. This placque is awarded each year by secret vote of the faculty to the student in their opinion ranking highest in scholarship, leadership, and citizenship. This is one of the highest honors that can be bestowed upon a high school student.

After finishing high school, Clarence Eugene attended West Texas State for one year before entering the Navy. His 32 months service carried him into the Pacific Theatre for one year. He was discharged with the rating of Electronic Technician's Mate, 1st class. Since his return to civilian life, he has been a student at the University of Texas where he took his B. S. degree in Electrical Engineering this spring. He is a member of Eta Kappa Mu, honor society of engineering students.

He has had experience in all lines and phases of the work connected with the Thompson Hardware Company as he began early in life to fill in wherever needed during summer vacation and on holidays. His training thus has given him excellent qualifications with his scholastic training and activities to fill the position of assistant manager of the firm.

He and Mrs. Thompson, the former Sarah Slack, daughter of Mr. and Mrs. T. V. Slack, are making their home in the modern, well-arranged five-room apartment on the second floor of the Thompson building.

## Stork Specials

A son was born to Mr. and Mrs. Ross Forsyth of Happy at the Neblett Hospital on June 20.

## Don't Haul Stray Dogs Out to the Country Homes

Complaint is being made that some Canyon residents are hauling stray dogs out into the country and dumping them to survive as best they can.

The result: The dogs become hungry and are killing chickens and sometime livestock.

When stray dogs show up, call the City Hall and ask to have the dogs killed. They spread disease when not cared for, and are liable to spread rabies.

Mrs. J. T. Stalcup and children, Betsy and David, and Mrs. D. M. Brittain and children, Barbara and Carol of Blytheville, Arkansas, are visiting in the home of Mr. and Mrs. E. V. Prichard. Mrs. Stalcup is a sister of Mrs. Prichard and Mrs. Brittain is a sister-in-law

Kathleen and Caroline McLaury are visiting in the home of their aunt, Mrs. Mason Younger, and family in Hobbs, New Mexico.

Mrs. Mary Bailey, Jerry and Joe of Espanola, New Mexico, visited with relatives in Canyon over the weekend.

# Harvest Is Getting Underway in Randall: Storage Outlook Critical

**Wheat harvest got underway in Randall county this week, with about 30 cars of wheat already shipped out by the two elevators.**

**The rain of Tuesday night slowed up harvest to a considerable extent.**

**The demand continues for more combines over the county.**

O. H. Williams of the Texas Employment Commission arrived in Canyon Monday. There were calls for about 25 combines and several laborers on file when he arrived.

The needs of Randall county were urged by County Agent H. E. Shahan on the commission Tuesday in Amarillo and as a result combines have started to move into the county.

Mr. Williams reported Wednesday morning that he had several calls from operators in various parts of the Panhandle and expects more machines here within a day or two.

The question of storage still remains the critical problem of farmers. The two local elevators have had to resort to trucks to transport part of the wheat to elevators.

So far none of the farmers have piled their wheat on the ground. It was reported Wednesday that the move for the government to protect the farmers had suddenly opened up terminals for immediate storage. Just how long this storage will hold out has not been determined. Scores of Randall county farmers are prepared to handle their own wheat in storage on their own farms as the result of the storage shortage.

A light rain of .15 of an inch fell in Canyon Tuesday night. It was accompanied by a heavy electrical storm. No damage was reported. A few miles north of Canyon there was an average of more than half an inch of moisture. The light rain will hold up harvest for a greater part of Wednesday, but most of the farmers should be in their fields again by Thursday.

Farmers who are needing help are urged to file their request with Mr. Williams at the office of the County Agent. Williams is in touch with the labor situation throughout the Southwest.

Various farmers have reported the same old story of trying to stop combines on the highways, urging them to help Randall county with the big harvest. The same old story of rumors of better wheat and higher pay has spread among the operators. As a result many of these combines are moving great distances, and will probably find the demand filled before they reach the pot of gold at the other end of the rainbow.

## Red Cross Has Completed Its Disaster Work

Aid to the Tornado victims south of the city limits of Amarillo has been completed. A Red Cross staff worker made a file on the losses and needs of each family and then made recommendations as to how much should be done for each. The cases were then presented to an Advisory Committee in Canyon appointed by Randall County Disaster Chairman R. B. Davis. The committee met two different times to hear the presentation of cases and in each instance every case was approved.

In all, eighteen cases were presented and approved. Two of the affected families did not ask for aid. Five others were given only emergency aid such as food and clothing. Eleven families were given additional aid in purchasing household goods, building barns, repairing machinery and other aid they needed to get started again.

Total awards amounted to $16,393.81 for this area under the jurisdiction of the Canyon Chapter. Awards ranged from $8.39 to $3,314.73, four of which exceeded $2,000.00. Much of these materials have been supplied by local merchants at cost thereby making the awards go farther toward needs.

It has been gratifying to the Committee and all who were associated with this project to watch the Red Cross in action and to see the thoroughness of their file work. They have done a fine job for us and we should be more eager to participate in any call that may be made in the future.

## Hospital News

Mrs. Neil Cooper, surgical.
Mrs. Cecil O'Donald, medical.
Marcel Fischbacher, tonsillectomy.
Roy L. Jones, surgical.
Tom Lollar, medical.
Dannie Welch, tonsillectomy.
Dr. C. E. Donnell, medical.
Peggy Norville, medical.
Gwendolyn Reese, tonsillectomy.
Leslie Newson, surgical.
Stevie Thomas, tonsillectomy.
M. H. Rockwell, medical.
T. V. Reeves, medical.
Mrs. Ocie Pruett, medical.
Students:
Jack Bearden, medical.
Milton Swan, medical.
Mrs. W. E. Ballard, medical.

Miss Edna Graham is in Boulder, Colorado for the next two months.

## 10 Amendments Are Published in This Issue of The News

Ten proposed constitutional amendments are published for the first time in this issue of the News.

The date for the special election on the 10 measures has been set for September 24, the 4th Saturday in September.

This means that two statewide elections will be held in Texas in less than two weeks unless the legislature adjourns before June 24, which seems unlikely.

The Gilmer-Aiken law does not become effective until 90 days after the legislature adjourns. As a result the statewide election for 21 members of the State Board cannot be held in each of the Congressional districts on Sept. 24, but a second election will be held at a later date.

Read the ten proposed amendments, and then vote.

## Randall Sells More Than Quota Savings Bonds

Randall county has again gone over the top in the sale of government Savings Bonds.

The quota assigned for Randall county was $85,000 during the present campaign.

The sale up to June 18 was $97,837.50, or 117.88% above the quota for the county.

Of the 254 counties in Texas, only 55 counties have surpassed their quotas.

Few of the big counties of the state are near their quotas, but drives are being put on before the end of the month to put the sales over.

R. H. Wright, county chairman, has received a telegram of congratulations from Nathan Adams, state chairman, thanking the people of Randall county for their continued support of the bond drive.

## Beth Kimbrough in Summer Theatre For Second Year

MISS BETH KIMBROUGH

Miss Beth Kimbrough, daughter of Mr. and Mrs. Frank Kimbrough of Canyon, is attending the Southwestern Summer Stock Theatre in Waco for the second season. Talented and selected drama students are chosen from all over the Southwest by Paul Baker, director of the Summer Stock Theatre. Those who are chosen for this special work are given the opportunity to work in all phases of theatre work from stagecraft to leading roles in the various productions during the summer. Beth has done both and has received much praise from the drama critics and her instructor as well. She is a senior student at West Texas State College,where her father coaches the West Texas State Buffaloes. She is majoring in speech.

At W. T. Beth has played in "Dear Ruth," had the leading role in "Blythe Spirit" and "Floral Shop" and has done various stagecraft work in other productions. Last winter she took the leading role in the Black Masque Players production of "Sinister House."

Paul Baker who directs the Southwestern Summer Stock Theatre, was the director of the European Theatre of Entertainment for the armed forces during World War II and is head of the Department of Speech at Baylor University. He is nationally known for his outstanding work in drama. All the students who are accepted by him for the Summer Stock have to be college juniors or above, and must pass try-outs in order to be eligible.

Mr. and Mrs. Ernest Duckworth and girls, Sharron and Trudie Jo of Lubbock, and Mr. and Mrs. Joe Duckworth of Amarillo spent Sunday in the home of Mr. and Mrs. Dan K. Usery, and with their mother, Mrs. Laura Duckworth.

Mrs. Louise Foster of Dublin, Georgia, is visiting with relatives in Canyon and Hereford.

## Big Storage Is Needed Annually For Wheat Crop

To Canyon News
Dear Mr. Warwick:

I give you herewith some very recent statistics and observations on Randall county agriculture. This was brought on by some estimates on the size of the wheat crop which seemed to me a bit too high.

Over estinating surpluses often aggravates the farmers problems of marketing a crop. A rather complete survey of the 1949 crop acreages for Randall county has just been completed. The wheat acreage seeded for this year's harvest is only about 10,000 acres less than the all time record for 1947. It is expected that the total bushels in prospect at this time is at least one-half million bushels below the 1947 total. The acreage damaged by hail this year is evidently the highest on record. It is estimated that more than 30,000 acres have been badly damaged by hail. This together with 10,000 acres less seeded than in 1947 and the number of fields damaged by heavy weed growth gives us the basis for estimating the country total as of June 20 at 4 million bushels which is roughly a half million below the 1947 total.

The following figures for the major crops for 1949 are approximately accurate, except for some discrepancies on account of county line sections. Wheat, 248,000 acres; grain sorghums, 35,000; barley, 5,000; oats, 2,400; alfalfa, 1,750. This total of 294,150 acres, leaves about 36,000 for all miscellaneous crops and summer fallow.

There are now about 25,000 acres under irrigation. This is divided between grain sorghum and miscellaneous crops including some commercial vegetable acreage. Most of this is in the Umbarger community, where about one-third of the total number of wells are located.

If the wheat crop is saved and the present prospective yield of 4,000,000 bushels is realized the question of storage for the crop is pretty serious. Local elevators cannot offer much space for storage unless they can secure space in terminal or subterminal elevators for permanent storage. Wheat going into farm granaries must have a very low moisture content to avoid danger of heating. The present situation illustrates again the very great need for storage space for wheat in Canyon.

Each year, that we have a big wheat crop, there is enough Randall county money paid for storage in Ft. Worth and other Texas cities to build a quarter million bushel elevator storage plant in Canyon. In addition to the storage paid the terminal elevators, the handling and conditioning of grain furnishes employment and increases the payrolls of the big towns where Randall county grain is stored.

W. H. Upchurch.

## Treasure Hunt in Palo Duro Continues To Be Profitable

Three girls from Missouri spent last Thursday in the Palo Duro State Park, and started back home richer by $250. They found the lucky number which got them a $250 wrist watch.

John McCarty, sponsor of the Treasure Hunt, states that there are many of the prize winning coins still in the Palo Duro Park. He has seen many of them in out of the way places, which have been overlooked by jersons who are hunting for the coins.

The Canyon News offered five prizes in the Treasure Hunt. So far only one of these prizes have been claimed. The other four will be given away on Labor Day if not claimed before.

Who will get the new car? Keep your eyes open, and find the lucky coin which will get you the car. That coin is still somewhere in the Park so far as anyone knows.

Other valuable prizes will be announced soon, states Mr. McCarty.

## Street Signs Are Up in Many Parts Over City of Canyon

More street signs have been placed in Canyon as the city's crew of workmen have had time to get to the job.

The new white concrete street signs have been highly praised by citizens who have been looking for residences and have been unable to locate them.

All citizens of Canyon are urged to do one thing: Please see to it that your home is properly numbered and that these numbers may be seen from the street. The street markers will be of little value unless all of the houses are numbered.

Mr. and Mrs. Glenn Campbell of Cleveland, Ohio, visited last week in the W. L. Rice home.

## EDITORIAL COMMENTS

### *Newspaper Men Should Not Accept Pay From the State*

Some weeks ago, news stories published in St. Louis and Chicago, indicated that fifty-one editors, executives and other employes of fourteen dailies and thirty-three weekly newspapers in Illinois drew State paychecks totaling nearly $480,000 between 1943 and 1949.

Most of the newspaper writers involved insisted that they earned their salaries and made no apologies for their employment. However, it seems that not many people in the state of Illinois knew of the connection between the State payroll and the newspaper men.

Without passing on the situation presented, the American Society of Newspaper Editors, headed by E. M. McKelway, editor of The Washington Evening Star, has announced that it will investigate the situation and that no details will be made public until the inquiry is completed.

Apparently, the newspaper society is interested in ascertaining the exact facts in connection with the employment of Illinois newspaper men. It acts with propriety when it announces that there will be no "revelations" until the inquiry is completed. After that, as we understand the matter, the society can only make public its conclusions, which, we hope, will clear the air of any suspicion that has been attached to the Illinois newspaper tribe.

The action taken by A. S. N. E. suggests the need for some such investigating agency in connection with the business of printing and selling newspapers. It is not necessary for such a body to have the power to punish anybody, but its findings, being impartial and authentic, would carry considerable weight and, in the process of years, could be decidedly effective in improving the profession of journalism.

### *Russia Holds German and Jap Prisoners For Labor*

The Soviet Government announces that all remaining Japanese war prisoners in Russia will be repatriated to Japan during the next six months and estimates that 95,000 Japanese will be returned to their homeland.

The information is treated with some incredulity by the Japanese, who maintain that the Soviet Union now holds 398,743 Japanese prisoners and that the Chinese Communists retain an additional 60,316.

The policy of Soviet Russia, after the war, appears to have been based on the theory that prisoners-of-war should be used as forced labor to rebuild devastated areas in the Soviet. German prisoners were held for years and Japanese soldiers, who participated in little fighting against the Russians, were likewise compelled to serve in labor groups.

While there is some justification for the theory that German prisoners-of-war, representing members of a defeated army, at one time, inflicted heavy damage upon Russia, should be made to assist in rebuilding the country, the general opinion is that the Soviet Union has kept the prisoners longer than reasonable justice permits.

### *Look At Home First Before You Buy In Another Town*

It is about time for *The Canyon News* to again remind the people of this country that local merchants deserve a chance to supply their needs.

Whenever you have anything to buy, give local business houses an opportunity to serve you. The future prosperity of all of us depends upon a willingness to cooperate in the common good and one way to do this is to patronize home concerns whenever possible.

We do not urge any person to pay an exorbitant price for any goods. It is the business of sellers to meet competition. They must do this if they expect to stay in business. It is their obligation if they desire the patronage of local customers.

Money may not explain everything but it makes clear the motives of many people.

### *Fight Against Erosion Is One Most Critical to Future*

For more than ten years, experts of the Soil Conservation Service of the Department of Agriculture have been calling attention to the losses suffered through soil erosion in this country.

Some ten years ago, Dr. Hugh H. Bennett, then Chief of the Service, told a House Committee that about 100,000,000 acres of crop land, some of it the best, had been "completely finished" as a result of soil erosion. He then estimated the annual direct cost of soil erosion to farmers alone, not counting damage to reservoirs, stream channels, irrigation ditches highways and railways, at $400,000,000.

This information has been read time and again by the farmers of Randall County. It undoubtedly attracted their attention and some sporadic efforts have been made, in various sections of the country, to meet the peril and arrest the erosion that washes away so much of our best land.

We take this occasion to call attention of Randall County farmers to the necessity of fighting erosion on their land. Like some other things that menace mankind, the time to start the war on erosion is when it begins and, especially before great damage is done.

### *Modern Society Is Superior To Those of Olden Days*

Winston Churchill, former Prime Minister of Great Britain, has received general recognition as a student of history and a writer of repute.

Recently speaking to a university audience, the war leader of the British people said that "despite anxious, critical and even agonizing moments," modern civilization is "undoubtedly a higher form of society than ever prevailed in ancient worlds."

This is a conclusion which many moralists, reformers and do-gooders will dispute. In fact, the stock of trade of some human beings seems to involve the necessity of denouncing the present generation, with the implication that, for some strange reason, men and women have suddenly degraded themselves.

We have no sympathy with such a view of the present generation. It is apparent, we think, from a study of various civilizations, including habits, customs and civilizations, that the world today is housing a race of people, on the average, which is more intelligent, more healthy and more spiritual than any other generation of the so-called human race.

### *Look At Home First Before You Buy In Another Town*

Every citizen of Canyon can make a contribution to democratic government.

It is not by abusing Soviet Russia, the Communist Party or Joseph Stalin. It is not by urging a war against Communist ideology or a Russian people.

All that any person here has to do to make a fight on dictatorship, or Communism, is to see that democracy works in our own local, state and national governments.

When there is a deviation from the accepted principles of democracy in the government of Canyon or Randall County, on any other unit of American Government, it can be scored as a gain for the isms that we abhor.

---

It might be a good idea to establish, once and for all, that money contributed to a campaign fund, is not complete justification for appointment to high position.

---

Personally, we have a high opinion of the intelligence of modern girls but it wavers a bit sometimes when we see the men they stand beside when they say, "I do."

---

In view of the number of FBI men who secretly participated in Communists meetings, the Reds will soon require all new members to take an oath that they are not G-men.

**Yes, a penny's BIG money!**

When you spend it for electricity, of course! That important little penny will do any one of these things for you . . .

It's amazing what your electric penny buys in comfort and efficiency and real *living* values. It takes a lot of skill and experience—yes, and sound *business* management—to keep electric service the biggest bargain in your budget today. (And this, remember, in spite of the rising costs of making and delivering electricity to you!) Truly, electricity does a lot for a little!

## News In Canyon 25 Years Ago

**(Taken from the files of the Randall County News of June 19, 1924)**

Announcement was made that the Santa Fe would build a $65,000 depot in Canyon. Work would start within 30 days on one of the finest depots in this division. One of the stipulations was that an election be held to close the street east of the old depot for a new location.

Randall county held its first election 35 years ago. The first officers were named as follows:

W. F. Heller, clerk; J. T. Atkinson, assessor; Alexander George, treasurer; Sam Wise, sheriff; Commissioners, No. 1, W. C. Baird, No. 2, C. H. Harlin, No. 3, Walter Roper, No. 4, M. V. King; justice of the peace, J. W. Turner.

Jim Johnson says that hot, dry weather has forced him to replant his cotton.

The Church of Christ will start construction of a new building during the coming week.

Farmers with binders have started cutting their wheat, while those with combines are waiting for a few more days.

More than 3,000 persons attended the Plateau Singing Convention held in Canyon Sunday. John F. Taylor of Clovis was re-elected president.

**LEAVES FOR EUROPE**

Mrs. Eugene Rachlis, daughter of Rev. and Mrs. J. R. Sharp, left last Wednesday night for Washington, D. C. and New York City. From New York Mrs. Rachlis will fly to The Hague, Netherlands, where she will join her husband. Mr. Rachlis is special information officer for the Marshall Plan in the Netherlands. Mr. and Mrs. Rachlis will be in The Hague, and in Paris, France during most of their stay in Europe. Mrs. Rachlis has been in Canyon for the past six weeks visiting her parents and friends, before leaving for Europe.

---

Charles Cooper, son of Mr. and Mrs. Clay Cooper left Wednesday morning with his aunt, Mrs. Stan Hall, who was returning to her home in Los Angeles after having visited her mother and brother here. Charles will spend a vacation there, returning later in the summer.

## THE AMERICAN WAY

*But He's The Doctor You Ordered, Lefty!*

# No Pessimism Regard Decline General Prices

As Fortune put it, the slump in business was recently made official. This happened when Dr. Edwin Nourse, top economic advisor to the President, reported that the Federal Reserve Board's industrial production index had dropped to the lowest point since July of 1947. Dr. Nourse, who has never been regarded as a conservative in his economic views, urged the President to hold down Federal spending, and to go easy on urging increases in taxation.

U. S. News & World Report offered its view of the situation in these words: "The country, at this time, is in the middle of a tug of war between buyers holding out for lower prices and sellers trying to avoid price cuts. . . . Business is slowing in one line after another, while this price war goes on." The magazine then forecast that, before the end of 1949, the general price level will be 10 to 15 per cent below the postwar peak but still more than 80 per cent above the 1939 figure. It added: "When buyers are convinced that prices once again are firmly set, demand for goods is expected to revive and business to move ahead."

If this view proves to be the correct one, it is clear that the current slump is not the beginning of a depression. It is, instead, an adjustment of a boom condition which was based on a tenuous foundation. When the war ended, there had been four years of increasing shortages and the war-enforced cash savings of the people were at an all time high. The inevitable result was a buying spree that took in practically every kind of commodity, no matter how high the price or how poor the quality. Much of the money has now been spent, the shortages have almost all been made up, the national income is down from the peak, and the spending spree has come to an end.

During the course of the adjustment, the attitude of labor will be important—the cost of labor is a dominant factor in determining the selling price of the bulk commodities. Some labor groups are now working for increased pay, but this is not universal by any means. A number of the top union officials are displaying considerable caution. In some lines, it is reported that productivity per manhour has been rising—when business slackens workers naturally put out more effort in order to keep their jobs. Also, the fairly substantial layoffs that have taken place in major industry have largely been confined to the least efficient workers, and the better men have remained on the job. Thus, labor costs may diminish in various fields, even though wage rates remain at high levels.

All in all, business trends are being watched with extreme care in all quarters. But there is little real pessimism.

### ELAINE LOUDDER HONORED; PARTY ON 4TH BIRTHDAY

Mrs. Douglas Loudder honored her daughter, Elaine, on her fourth birthday with a party at her home on June 15.

Miss Lucile Gordon assisted in entertaining the children. Mrs. Jack Loudder, Mrs. Bob Loudder and Miss Jerry Foster assisted with serving the guests.

Friends of Elaine's who attended from Canyon were Patricia Maddox, Judy Stevenson, Karen Sue Fife, Ann Warwick, Frances Warren, Sarah Jo Hickman and Baby Joyce Loudder, sister of the honoree.

Out of town guests were: Royce Lynne Long of Childress; Wayne Hawkins and Joyce Wilson of Dawn; Bob Ann Loudder, George Loudder and Freddie Loudder from Happy; Rue Paula and Blanche Groves of Stinnett.

Grown-ups attending were Mrs. Grace McCarter, Mrs. P. M. Wilson and Mrs. Minnie Loudder and Mrs. Neil Loudder.

Mr. and Mrs. Ben Loudder and Lucy Jo and Mr. and Mrs. Jack Henson sent gifts but were unable to attend.

Refreshments of cake, ice cream, pink lemonade and candy mints were served. Favors of animal balloons were given al ithe children.

### PICNIC CELEBRATES FIVE STEEN FAMILY BIRTHDAYS

On Sunday members of the family of Mr. and Mrs. I. M. Steen met in the park at Plainview for an all day picnic to celebrate the birthdays of five of the children who claim June as their birthmonth.

Those present were: Mr. and Mrs. C. E. Steen and children, Buck, Buddy, Moneta, Butch and Martha, from Lockney; Mr. and Mrs. Victor Steen and children, Bobby Joe and Peggy, from Amarillo; Mrs. Eunice Johnson and children, Gene and James, of Plainview; Mr. and Mrs. Ewell Johnson of Plainview; Mr. and Mrs. Bill McMahan and children, Iris Steene, Joy and Linda, from Post; Mr. and Mrs. Lewis Steen and Mr. and Mrs. Jimmie Campbell and children, Vickie and Jim Bob, all from Amarillo; Mrs. Dorothy Hunter and daughter, Beverly, of Plainview; Mr. and Mrs. T. J. Sparks from Lubbock; Mrs. Cecil Carthel and children, La Venna and Charlie, from Lockney; Mrs. Fred Carthel and children from Lockney; Mr. and Mrs. I. M. Steen of Canyon.

### T. E. L. CLASS HAS BUSINESS SOCIAL MEETING MONDAY

The T. E. L. Class of the Baptist Church met Monday afternoon, June 20, in the home of Mrs. C. H. Stratton for their regular business and social meeting.

Guest speaker for the afternoon was Miss Elva Fronabarger, who gave a very interesting review of "Root Out of Dry Ground." Everyone enjoyed her talk very much.

Delicious angel food and prune cake with ice cream were served by the hostess to Mrs. S. L. Terry, Mrs. George Small, Mrs. W. T. Henderson, Mrs. J. I. Payton, Mrs. R. E. Gill, Mrs. H. Cook, Mrs. R. E. Long, Mrs. Dallas Milner, Mrs. Mae Johnson, Mrs. J. T. Cartwright, Mrs. G. C. Cole, Mrs. J. C. Dowd, Mrs. Alton Birchfield and Miss Fronabarger.

### MRS. SHARPES HOSTESS TO CENTERVIEW H. D. CLUB

Mrs. S. F. Sharpes entertained the Centerview Home Demonstration Club in her home Friday afternoon with eight members and one visitor present.

Mrs. Lester Bryan, president, presided at the business meeting. Roll call was answered by each member telling her child's favorite hobby.

A round table discussion was held on "My Child and His Interests in School and Home."

The club voted to discontinue meetings until the first Friday in August.

Refreshments of fruit cocktail and cake were served by the hostess, assisted by her daughter, Etta Jean.

---

Mrs. Fay Hall of Dallas and Mrs. Ruby Moran of Greenville, stopped to visit awhile with Mrs. Gladdis Samples and son, Billy, Monday morning. They were enroute to Portland, Oregon.

### WESLEYAN GUILD MEETS WITH MRS. W. H. STROUD

Tuesday evening Mrs. W. H. Stroud was hostess to members of the Wesleyan Service Guild.

Sweet peas, daisies and pot plants decorated the house most attractively.

Group singing of "This Is My Father's World" introduced the program. Mrs. K. E. Frieze gave an impressive devotional. A pledge service was read by Mrs. Hubert Thomson. To close the program the "Guild Hymn" was sung by Mrs. D. A. Nicholas.

At the social hour the hostess served lime sherbet, cookies and salted nuts to Mrs. Frieze, Mrs. Thomson, Mrs. Nicholas, Mrs. Gladys Haines, Mrs. Gladdis Samples, Mrs. M. D. Shepherd, Mrs. Tommie Pierce, Mrs. E. F. Welch, and Mrs. Mary Sigman.

### MRS. LUKE MILLER HOSTESS TO CANYON H. D. CLUB MEET

The Canyon Home Demonstration Club met in the home of Mrs. Luke Miller, 400 Fourteenth Street, Friday, June 17.

Roll call was answered by members naming flowers they had grown from cuttings recently.

Mrs. Miller gave a cutting demonstration. Mrs. Bob Parsons gave her report from Council and announced that the next meeting of the Council would be August 7.

Mrs. Elwood Shero presided over the brief business session.

A lovely cool refreshment plate was served to Mrs. Shero, Mrs. Bill Money, Mrs. E. L. Hardaway, Mrs. Archie Roberts, Mrs. John Hardaway, Mrs. Bob Parsons, Mrs. Lee McLaury, Mrs. Anne Slagle, Mrs. C. F. Rogers, Mrs. Johnnie McBroom, Mrs. Jack Parsons, Mrs. Milton Myers and the hostess.

### 1925 BRIDGE CLUB MEETS WITH MRS RAY McREYNOLDS

On Wednesday, June 15, Mrs. Ray McReynolds was hostess to the 1925 Bridge Club at her home on the Hereford Highway.

Beautiful arrangements of summer flowers decorated the house.

At the social hour the hostess served a salad course with iced tea to Mrs. Glenn Dowlen, Mrs. Herschel Coffee, Mrs. A. G. Kieselbach, Mrs. J. J. Walker, Mrs. Clifford, Mrs. Simms, Mrs. Guy Harp, Mrs. J. L. Duflot, Mrs. Newton Crain, Mrs. Aubrey Crossland and Mrs. J. Madison Daugherty.

---

Miss Bettye Jo Lyon of Dallas and Miss Mildred Baird of Miami, Fla., were dinner guests in the home of Mr. and Mrs. Silas Hart Monday evening. The young ladies were Civil Service workers in Germany at the same assignments with Captain Fred Hart, who is visiting with his parents.

---

Dr. Helen Burton of Norman, Oklahoma, visited with Dr. Hattie M. Anderson Sunday. Dr. Burton was formerly head of the Department of Home Economics in West Texas State and is now with the University of Oklahoma.

---

Miss Naomi Maddox, director of art in the San Angelo school system is visiting in the home of her niece, Mrs. Cristler Crain and family and with her sister, Mrs. J. R. Hicks, who is spending the summer in the Crain home.

---

Mrs. William J. Clifford with her daughter, Kay, niece of Mrs. J. J. Walker, left Sunday night for her home in Sheridan, Wyoming, after having spent several weeks in the Walker home.

---

Dinner guests in the home of Mr. and Mrs. Leonard Winters Sunday were Mr. and Mrs. Fay Finley and sons, David, James and John, of Clarksville, Texas.

---

Mr. and Mrs. E. A. Coster of Midwest, Wyoming, visited with Mr. and Mrs. W. C. Hixson and family last week. Mrs. Coster is a granddaughter of Mr. and Mrs. Hixson.

---

Vernon Green and family of Meridian, Mississippi, have recently moved to Canyon. Mr. Green is employed at the Canyon Steam Laundry.

---

Mr. and Mrs. Bryan McDonald left Saturday morning to spend the week end with their son, Don, in Western Life Camp at Las Vegas, New Mexico.

---

Mr. and Mrs. Carl Ellison and Mr. and Mrs. Glenn Doris and son visited in the home of Mr. and Mrs. Curtis Ellison and family at Pantex Sunday.

---

Capt. Fred Hart, who is stationed at Dayton, Ohio, is spending a few days in the home of his parents, Mr. and Mrs. Silas Hart.

---

Tom W. Ziegler of Mineral Wells is visiting his sons and daughters-in-law, Mr. and Mrs. Dick Ziegler and Mr. and Mrs. Tom Ziegler, Jr.

---

Mr. and Mrs. A. B. Berry and family visited in the home of her father, John Sublett, in McLean Sunday.

---

Mrs. Millie Anderson, sister of Mrs. Mary Simon, left Sunday for her home in Wichita, Kansas, following an extended visit here.

---

Mr. and Mrs. Roscoe Davis left Tuesday for Lakeview, Texas, to spend a week with her sister, Mrs. H. W. Spear.

---

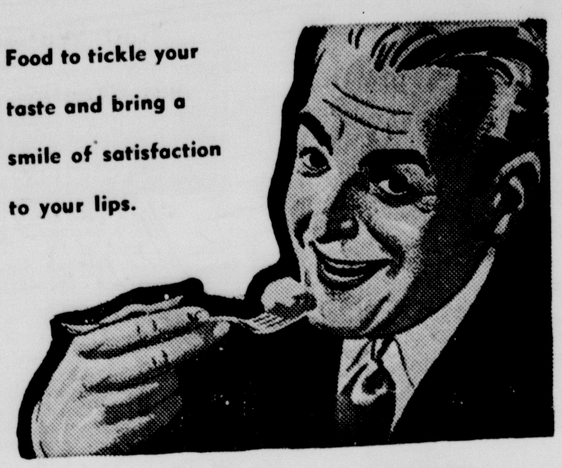

Mr. and Mrs. Jack Walker and Jimmie left last Wednesday for Los Angeles, where Mr. Walker will attend the N. B. C. Institute of Speech.

Capt. Fred Hart of Dayton, Ohio, visited this week in the home of his parents, Mr. and Mrs. Silas Hart.

## *Edquist Speaker Lions' Luncheon*

In the introduction of Manuel Edquist as speaker it was pointed out that he was a leading natural gas engineer and as such was well qualified to speak on any subject regarding the natural gas industry. Mr. Edquist, to the amazement of all present, then proceeded to give a very excellent and humorous speech entitled, "The Feeding and Training of Children."

Clark Jarnigan has been chosen to represent the Canyon Lions Club at the International convention in New York City this month.

A Ladies' Night party has been scheduled for the night of July 7th to be held at the Buffalo Courts. It will be a picnic affair.

The visitors at the luncheon on last Thursday were Wendell Cain White Deer, O. D. Lowrie, Clarendon, E. E. Davis, Canyon, and Gordon Dickerson of Winter Garden, Fla.

### CARD OF THANKS

We wish to take this opportunity of expressing our appreciation and thanks for the many kind and thoughtful deeds and expressions of sympathy during the illness and death of our mother. May many blessings be yours. The Petty and Glenn families.

## Old Fuel Takes On New Ideals Under Stress

A short time ago officials representing hundreds of the country's leading coal companies met in Columbus. They were there to make new plans for the industry's research program and also to hear what has been done in the past to make coal more attractive and more economical from the standpoint of the user.

There was news of interest for every coal consuming group. A home heater has been developed which is smokeless, and which also burns less coal. A coal furnace with the same qualities will soon be on the market.

In order to help the industrial user, much research has been given to getting more heat and energy out of each pound of coal burned. Designs are available for stoker-fired boiler units that do a given heating job at a smaller cost.

Ways have been found to minimize the smoke from coal-burning railroad locomotives. And before long, it is expected that a revolutionary gas turbine locomotive will be perfected which will employ the principle of the jet airplane and burn finely powdered coal.

Experiments are well along in developing economical techniques for producing fuel gas from coal. So is research, whose purpose is to mine coal faster and cheaper, with improved mechanical aids. The new continuous mining machine may give the low-cost production which is needed if synthetic gasoline is to be made from a coal at a practical cost.

These are samples of present-day coal progress—and of the way the industry's management is thinking in terms of future needs and consumer desires. Coal is one of the oldest fuels—yet it has the potentialities of youth.

## State Will Try To Cure Alcoholics In Hospital System

Sometime in the latter part of 1949, the State of Connecticut expects to open the first publicly-supported hospital in the United States, designed especially for the treatment of alcoholics. Already, the state has some out-patient clinics designed to assist the estimated 50,000 of the country's approximately 6,000,000 alcoholics, who live in that industrial state.

We call attention to this matter because of a gradually developing public realization that the alcoholic deserves special attention and that many of those who cannot control themselves toward alcohol should be helped into becoming good citizens. This sentiment is being held all over the nation.

The Ohio House of Representatives recently voted in favor of a bill to create a nine-man commission to study the problem of chronic alcoholics. Other states make alcoholic literature available to schools and libraries and some of them have provided for appropriate courses in high schools and colleges on the subject of acoholism.

We are very much pleased with the more enlightened attitude that is being developed toward the unfortunate victims of alcoholism. So long as society looks upon them as "sinners" and "sots," subject to the condemnation and censure of other people the reclamation of alcoholics will be a difficult problem. To approach it in the new light of modern scientific research, with a view that, perhaps, after all, the alcoholic is unfortunate rather than culpable, will get better results for society and those who need assistance.

## Canyon's First Century Plant Now Blooming

In the back yard of the home of Miss Irene Angel and her mother, Mrs. L. Angel, the first Century plant to bloom in Canyon is in blossom.

Mrs. Angel brought this plant from Mexico 20 years ago and planted it in her yard.

In the early spring the bloom stem started to grow. Its growth was quite rapid. By actual measurement it grew nine inches per day. It now stands at approximately 20 feet tall. Both blossoms and the stem are most unusual in appearance.

Mrs. Angel who has been confined to her bed since in October, is somewhat improved and lies in front of a window where she can see the plant.

Mrs. J. N. Osburn of White Deer is visiting in the homes of her daughters, Mrs. Roy Waldrop and Mrs. Truman Reed, and families.

Mrs. Louie Bonds and children, Loretta Louise and Nancy Jean of Tulia visited in the parental T. V. Slack home this week.

Mrs. E. J. Larson and Velma Lynn are spending two weeks in Dallas visiting with relatives and friends.

Mr. and Mrs. Earl Waldrop and family of Breckenridge visited recently in the Roy Waldrop home.

Japanese criticize Russia for delaying return of prisoners.

"Task group" plans survey of wartime U. S. port capacity.

## Lack of Funds Blocks Making of Real Movies

HOLLYWOOD. — Three-dimensional movies, that pry actors away from the scenery and make Lana Turner's curves look curvier, are ready to hit the screen. But their inventor wails that no studio will dish out money for his trick.

Joe Valentine, one of movieland's top cameramen, developed a gadget that brought depth to the screen back in 1940. It's gathering dust. No studio will cough up dough to back the project.

"Two-dimensional movies we have now look flat—flat actors against flat scenery," explains Valentine, who's up for an Oscar for photographing "Joan of Arc," a movie that cold've used a few more dimensions.

**Lighting Now Used**

"We use lighting now to try to bring them away from the scenery. Colors of costumes and sets are chosen carefully so actors won't melt into the background.

"In three-dimensional movies the actor stands out with natural roundness. He appears to be right in the theater."

Miss T. looks twice as whistleable, and Humphrey Bogart appears to dash with his gat right into the audience. Trees look rounder and people look like people, which would be a change. And the moviegoer who gets stuck in a side seat won't have to squint at long thin men on a distorted screen, either. Miss Turner looks round, no matter where he sits.

**Needed Special Glasses**

Years ago one company billed "a three-dimensional movie" in theatres, but that was a fluke. You had to wear special spectacles to see curvier curves.

The new dimension comes from a prism that's inserted behind the camera lens. That costs about $500. The camera then gets two images instead of one. Prisms would have to be installed in every theater-projection machine in the country, costing another $500 per.

"Not half as expensive as sound was to install," snorts the cameraman. "And it would bring change and greater scope to the screen as sound did. Bring customers back to the theaters, too."

## Absolute Silence Found Unbearable in U. S. Test

FORT MONMOUTH, N. J.—Silence—dead, absolute silence. Have you ever wondered what it would be like?

Not the stillness of a quiet room, but no noise at all.

Take a tip from the army signal corps engineers—it's no fun. They tried it and said they couldn't stand it.

The tests were made in a new "silent chamber" perfected by the signal corps to help reduce the noise of military equipment.

About 30 minutes of absolute silence was just about all anyone could stand. After 30 minutes the engineers became uneasy. After a few hours, the army said, the dead silence produced "pronounced adverse psychological effects."

The room is used to measure the noise of field equipment. The army said even a small electric generator in the field was enough to reveal the position of the soldier and endanger his life. Now engineers can find out just how much noise it makes and quiet it enough to prevent detection.

Signal corps officials said the walls, floor, and ceilings of the new chamber are covered with wedge-shaped hunks of fiberglass, pointing out into the room. The pieces are bound at the large ends to an electrostatic shield. The shield is grounded to remove any surplus energy. There is complete stillness in the room.

But the room wouldn't do for a radio station. Spokesmen said musical tones are flat, monotonous and very dull in an absolutely soundproof room.

## Kentucky Establishes Place to Wash Money

FRANKFORT, KY.—Ever hear of a money laundry, a place to wash filthy lucre?

Well, they started one at the Alcoholic Beverage Control board.

It seems the girl clerks balked at counting coins dumped out of 27 slot machines confiscated in Bell county liquor joints. They were agreeable to counting the coins, but not while they were greasy and dirty. Gets under your skin, ruins your desk.

So W. Orbie Mitchell, director of A.B.C. field agents, had the coins dumped into pails of hot, soapy water and stirred around until they got into countable condition—for the clerks.

In addition to good U. S. money, there were French and German coins, slugs, and even a wartime red O.P.A. token.

Mitchell said the money probably would add up to $1,200 to $1,500. "The darned stuff weighed about 75 pounds," he added.

The money was to be turned over to the state's general fund.

Help Keep Canyon Clean!

## Boy Scouts Will Lower Age Limit For Membership

The message printed below is welcome news to 8 year old boys all over the United States.

In the unprecedented move, the Boy Scouts of America has lowered the entrance age for its three programs of Cub Scouting, Boy Scouting and Senior Scouting, effective next Sept. 1.

In announcing the far-reaching change authorized by the National Executive Board of the organization, Dr. Arthur A. Schuck, chief Scout Executive, said the decision was reached after a three years' exhaustive study during which opinions were obtained from experienced leaders as well as parents.

After Sept. 1, boys may become Cub Scouts at eight years of age instead of nine; Boy Scouts at eleven instead of twelve and Explorers at fourteen instead of fifteen years of age.

The program known as Senior Scouting, Dr. Schuck announced, now becomes "Exploring" with its scope broad enough to include land, sea and air activities as well as life exploration. Units specializing in seamanship or in aviation will be known as Explorer Ships or Explorer Squadrons, respectively.

The announcements above was received by the Llano Estacado Council and it will make it possible for a million and a half more boys in America to become Cub Scouts and Boy Scouts and should increase the interest of a large number of younger boys in the regular Scout Program, age 11, during the fall when they will be accepted into the membership.

Mrs. L. L. Gore has returned to her home in Canyon after having spent several months with relatives in Virginia.

Miss Bobbye Graham flew to Boulder, Colorado, last week to attend commencement exercises at the University of Colorado.

Mrs. Paul Rogers is visiting in Harlingen with her son and daughter-in-law, Mr. and Mrs. Spencer Pullen, Jr.

Mrs. Ben O. King, Mrs. Joe Mercer of Silverton spent last Thursday in the home of Mr. and Mrs. Noah Amason.

Miss Natalee Collier of San Fernando, California, is visiting in the home of Mr. and Mrs. Marshall Rockwell and with other relatives.

Mr. and Mrs. J. M. Provence of Plaska, Texas, are visiting their daughter and family, Mr. and Mrs. Lee Scott.

Mr. and Mrs. H. T. Wilcher of Plainview visited Sunday evening in the home of Mr. and Mrs. Carl Hair.

# WANTED

## 10 AMBITIOUS MEN

FOR STEADY EMPLOYMENT

APPLY FRIDAY, 8:00 P. M., AMARILLO

I WANT to talk to ten men in Randall County who are really ambitious in securing a position that will give them steady employment the year around. In other words there are no laying off periods. Consistant income is the income that really counts.

IT doesn't matter what your past employment has been; we teach you our work. It will be necessary that you be willing to get along on $75 or $85 per week for the first four to six weeks while learning our work.

IF you are mechanically inclined or can handle men in a supervisory capacity, or your present income is not satisfactory, answer this now. You must be able to give the name of three persons who will vouch for your honesty and integrity.

WE prefer men who are married or who have some sense of responsibility and have a car.

We will present our plan only if wife accompanies you. Her happiness is contingent upon your success, and we feel that she should know completely from the first, what you will be offered.

THEREFORE, if you are honest, and of good character a willing worker and neat in appearance,

Apply in Person Friday, 8:00 p. m. June 24

— Bring your wife with you —

506 West 16th Street

Amarillo, Texas

### GOVERNMENT EXPENSES

The expenses of the United States Government for the fiscal year which begins this July 1 are expected to total about $42,800,000,000. Fixed expenditures will account for $10.1 billions, the military establishment for $13.9 billions. Miscellaneous domestic expenditures for $12.3 and internal aid, etc. for $6.5 billions.

### NOT SO DRY

"So your friend, the statistician, is spending his vacation at the beach."

"Yes, he thought he'd like to study a new set of figures."

What the gentlemen in Congress appear to need is exercises in reducing.

Truman opens new savings bond campaign.

### CELEBRATE BIRTHDAYS

Mr. and Mrs. M. E. Cleavinger, Sr., entertained last Sunday with a family dinner honoring their granddaughter, Janis Miller on her third birthday, and their son M. E. Jr., of Dimmitt, on his birthday. Those attending were Mr. and Mrs. M. E. Cleavinger, Jr., and daughters from Dimmitt; Mr. and Mrs. Elmer Cleavinger and family; Mr. and Mrs. W. E. Miller and family and the host and hostess.

### LOCAL DEBTS

State and local government debt, outstanding in 1948, totaled $18,304,000,000, $6,495,000,000 of which was contracted to finance "public enterprises such as utilities, housing authorities and the like." The debt was an increase of 11 per cent, of $1,849,000,000 in fiscal 1948, as compared with 1947, according to the Census Bureau.

Beyond the stars, and all this passing scene,
Where change shall cease, and time shall be no more.—Kirke White.

Great men are they who see that spiritual is stronger than any material force that thoughts rule the world.—Emerson.

$800,000,000 asked to meet year's Israeli immigration costs.

## BOYCE HOUSE "Gives You Texas"

The movies depict newspaper reporters as irreverent—hat on in a home while interviewing the parents of a little boy who was killed by a truck, for instance. A grossly libelous distortion of actual reporters.

In real life it's not the reporters but the newspaper photographers that can't be fazed by any situation.

Quite a few years ago while your columnist was on the staff of the Fort Worth Star-Telegram, Baylor University was going to confer doctor of philosophy degrees upon Vice President and Mrs. John Garner. So D. B. Greene, the photographer, and I were sent down to Waco.

D. B. got a few group pictures on the campus before the ceremony began. He was to meet me in the auditorium but he had not showed up when the processional started. Here came President Pat M. Neff in cap and gown (crimson, as I recall) and beside him, John Garner in a purple gown; next came another distinguished educator escorting Mrs. Garner—and next in line was Greene, with his camera held up over his head so as to be out of the way!

Can you remember when telephones were new and folks used them as a channel for practical jokes? The phone would ring and a voice would ask, "Is that Bill Moakes?" "Yes." Well, Mr. Moakes, hold the line a minute." There would follow a period of silence and then the caller would say, "All right, your minute's up; you can hang up now."

### CORRECTION

Last week in error we reported that Andy Walsh, Jr., was a student in Houston University. He is a junior in the Baylor University, College of Medicine, Houston.

Miss Velma Boston of Dallas and Mr. and Mrs. William Boston and little son of Sherman visited their parents, Mr. and Mrs. W. G. Boston, and brother, Murray Boston, and family, last week.

Mr. and Mrs. John H. Wright and Mr. and Mrs. Frank Wright and baby spent Wednesday in Levelland visiting in the home of their son and brother, Rev. J. H. Wright, Jr., and family.

Jefferson Caffery, former Ambassador to France: "French industrial production has now passed the level of the peak year of 1929."

John J. Bennett, Deputy-Mayor, Brooklyn: "We stand today as an oasis in a troubled world, seeing nation after nation losing its liberty."

Herbert Hoover, former President: "Any former President carries a lot of seasoned experience which would aid the legislative side."

## Oldest Scrolls Of Bible to Go To High Bidder

BALTIMORE. — Four leather-bound parchment scrolls, described by a Johns Hopkins university archaeologist as "the greatest manuscript discovery of modern times," will be offered for sale to the highest bidder.

He will have to be wealthy. The documents are the four oldest manuscripts of the Old Testament known to date. Valued at more than a million dollars, they were brought secretly to this country early this year.

Discovered by wandering Arabs in a half-closed cave by the Dead sea in 1947, the parchments contain the entire Book of the Prophet Isaiah as it appears in the Bible, a commentary on the Book of Habakkuk, and a manual of discipline for a Judaic sect.

Experts say they were written 100 years before Christ—1,100 years before the date assigned to the oldest Hebrew Bible scroll previously known.

**Sale Date Soon**

An authoritative source, who declined use of his name, said the treasure would go on the block shortly. It is owned by St. Mark's Syrian Orthodox convent in Jerusalem.

Dr. F. W. Albright, professor of Semitic languages at Hopkins and one of the nation's top archaeologists, first established the authenticity of the scrolls from photographs sent to him.

Since then he has examined the originals. He reported:

"During the past few weeks any possible doubt about the age and authenticity of the scrolls has been removed."

He disclosed also that the documents were sent to the Metropolitan Museum of Art in New York. There chemists reportedly are working over one scroll whose condition has prevented its being unrolled.

St. Mark's was damaged badly in the recent fighting between Israeli and Arab forces in the Holy Land. It expects to get repair money from the sale of the manuscripts.

**U. S. May Buy**

The hope is that the U. S. Government may buy them. Among interested groups, however, is Yale University.

The find, whose worth to the Christian-Jewish world has been termed incalculable, was brought to America by Athanasius Yeshue Samuel, Syrian archbishop of Jerusalem and Trans-Jordan and Orthodox apostolic delegate to the United States.

The documents were already in the U. S., it was disclosed, when dispatches March 18 reported them hidden and guarded in Syrian homes to prevent possible damage or loss in Palestine fighting.

Dr. Albright believes that one of the scrolls—the one reportedly in chemists' hands now—is written in Aramaic, the tongue of Christ.

And, he declared, it may contain another Bible book—which would double the monetary value.

## Old Fluorescent Tubes Create Health Hazards

NEW YORK.—Industrial representatives have joined with New York city officials in issuing a warning concerning disposal of burned-out fluorescent lamps.

At a conference called by the department of health and sanitation, it was said that broken fluorescent tubes may create health hazards.

The tubes—of which 200 million are said to be in use throughout the nation—are reported coated on the inside with a phosphor which usually contains beryllium, a toxic substance.

It was said that skin cuts from broken tubes might cause a condition known as granuloma, a benign skin tumor. There also is a danger in inhaling dust from broken tubes.

The conference, including representatives of firms which manufacture the tubes, unanimously adopted this list of precautions for disposing of burned-out tubes:

1. Keep discarded tubes away from children.
2. Never break tubes or place tubes in incinerator or open containers in the street.
3. Deliver tubes directly to refuse trucks.
4. Should a tube be broken, sweep up fragments and wrap them in heavy paper. Never handle broken fragments without gloves.
5. If cut by a broken tube, consult a doctor at once.

## Modern Man Declared Now Uglier Than Ever

GRAHAMSTOWN. — "Men have never been so ugly as they are today," says Prof. I. J. Rousseau of Grahamstown, who advocates communal exercises on the beaches and folk dancing to "restore the physique of the South African male."

The professor has campaigned against obesity for 15 years, describing the average male over 40 as "a comic, pot-bellied creature and a perambulating eyesore."

Women's figures have improved, he thinks.

FDIC-insured banks earned $1,240,000,000 last year.

## The Answers

1. Edward Jenner, English physician, in 1796, proved that vaccination would protect against smallpox.
2. Twenty-one guns.
3. In 1917.
4. 3,383 miles.
5. At Charleston, S. C. August 31, 1886.
6. In 1841.
7. The purchase of Alaska from Russia in 1867, for $7,200,000.
8. At least 35, according to the Constitution.
9. At Rouen, France, in 1431.
10. When Congress recesses, it sets a date for reconvening; upon adjournment, it does not meet again until the regular session unless called by the President.

**SYSTEM**

The high cost of haircuts is making an actuality out of that old gag of the man who went for five weeks without a hair cut, and then carried an empty violin case for three more.

## James Russell In Favor of Federal Aid to Schools

Dr. James Russell talked Tuesday at the Rotary Club luncheon on federal aid to public schools. While advocating the measure, he pointed out the arguments which are being used against the measure.

Dr. Russell took the position that if the citizens of any community really wanted good schools and were serious in their intention, they could secure such schools. It will take the united efforts of every citizen of a community to put over the project.

"The school system of any community may be the very best, yet it may be turning out bad boys and girls," stated the speaker.

There are a dozen or more influences at work on the lives of children: The school, the home, the church, the gang, the night clubs and other influences, for either good or bad. The school may not be good, but they cannot be otherwise unless these other influences are good.

More than 80% of the child's waking time is spent outside the influence of the schools. Yet the schools are largely blamed for the poor outside influences. The objective is to make all forces of a community exert good influences on the lives of the boys and girls in the community.

On the economic scale, the population of the nation is divided into approximately one-thirds. The upper one-third does not have high enough birth rate to replace itself; the second one-third just about replaces itself; the lower one-third makes up the difference by a high birthrate.

The speaker then showed the various attempts of local citizens to keep their schools in first class condition, and how economically poor states with many children were hampered at the expense of the wealthier states. Federal aid is proposed in order to bring greater opportunities to those who are doing all that they can for themselves, but their best is not enough.

Objects raised are that each state should educate its own children; that it takes more than money to make good schools; and that federal control would result. Dr. Russell does not believe that any of these objections are serious.

In closing, he urged that all citizens be vigilent to see to it that we do not develop statism, or socialism in our form of government.

Dr. Walter Juniper, dean of West Texas State, was introduced as a new member of the club by Dr. James P. Cornette.

Dr. J. A. Hill read a letter from Mrs. Harris M. Cook. Dr. Cook is now in the Veteran's Hospital at Bolixi, Miss. He suffered a relapse in December, but seems to be improving now.

Visitors were: Capt. Fred Hart of Dayton, Ohio; I. L. Martin of Oklahoma City; C. Osgood of Long Beach, Calif.; Lee Booth of Canyon; Perry Morning of Sudan; O. B. Ferman of Edna; Arch Hunsley, E. Kancher, Arthur Osgood, E. P. Myers, Forrest Barnes, Roy Boger, all of Amarillo.

---

Worth Jennings and Mr. and Mrs. Clay Cooper left Sunday night for Pheonix, Arizona, where they will join Mrs. Jennings and daughters for a trip to California and other western states. In Los Angeles, Charles Cooper, son of Mr. and Mrs. Clay Cooper, who has been visiting there with his aunt and uncle, Mr. and Mrs. Stan Hall.

---

Mr. and Mrs. Tommie Lair flew to Odessa last week to visit with his brother, George Lair, who is chemist for the Shell Oil Co. there.

## Fairview Breezes

Harvest is on. By the last of this week it will be in full swing.

Wheat is making all the way from 18 to 40 bushels per acre.

F. O. Amerson and Mrs. Knox of Tulia were married Friday afternoon in Tulia.

S. A. Evans and daughter, Mrs. Clifford Cunningham and son, Skippy, Miss Loveta Evans and Junior Morgan were Sunday visitors in the Noel Cheek home.

Those visiting in the J. W. Wesley home Sunday were Mr. and Mrs. D. L. Whitson, Darla and Donny, Mr. and Mrs. E. E. Wesley, and Artis Sue, Mr. and Mrs. T. H. Wann, Mr. and Mrs. C. E. Wesley, the Rev. and Mrs. Stallings and Mother Evans.

G. E. Wesley and Mr. and Mrs. Max Stallings attended singing at Fairview Sunday afternoon.

Vesta and Lavena Amerson, Mr. and Mrs. Dean Cagle and Lynda, Mr. and Mrs. Coye Elkins and Coye Jean Amerson visited in the parental F. O. Amerson home Sunday.

Mr. and Mrs. J. W. Wesley, Vesta Amerson and Arlen Ray Wesley entertained the people of this community with an ice cream-cake social Saturday evening. The Adult B. T. U. Class assisted with the serving. A large crowd enjoyed the evening. Youngsters enjoyed games on the lawn while adults played Progressive "42."

Mr. and Mrs. T. H. Wann, Mr. and Mrs. Dean Cagle and Lynda visited Saturday night in the J. W. Wesley home.

E. E. Wesley and Allen Ray were in Amarillo Monday on business.

Mr. and Mrs. T. H. Wann will leave Thursday for their home in California after a three months' visit with relatives in this vicinity.

Misses Fayerene and Anna Belle Schaeffer visited their parents, the E. W. Schaeffers over the weekend.

Mrs. John Patterson was in Canyon Monday.

Laquita Patterson visited Sunday with Etta Jean Sharpes.

## Wayside News

Sister Lois Coxe of Amarillo filled her regular appointment Sunday morning with an excellent message honoring fathers as it was fathers day. Garland Foster and Miss Ann Johnson accompanied her.

Mrs. Ada Hamblen of Canyon spent the week end with Mrs. E. A. Franklin.

The George Hancock family spent the week end in the W. I. Lane home.

Mr. and Mrs. W. R. Kranklin were supper guests in the Roy Franklin home Sunday evening and attended services at the Assembly Church Sunday night.

Kerry Neil Franklin is spending a few days with his grandparents, Mr. and Mrs. W. R. Franklin and is helping them with their work.

Farmers appreciate the good harvest weather we are having and are getting in full swing this week saving the big wheat crop.

Altus Modisette of the Marines has been visiting with his brother, Willie and family.

Mr. and Mrs. Artie Brawner and daughter, Carolyn of Amarillo, and Altus Modisette were dinner guests in the Willie Modisette home last Friday.

---

Mr. and Mrs. Henry Hines of Amarillo left Monday for a vacation trip to Illinois and Missouri. They took with them their granddaughter, Christine Mobley, and Miss Sue Jennings.

---

Mr. and Mrs. John Hanson and Jan visited in the homes of her sisters, Mrs. Tommie Lair and Miss Mayme Shaver, last week.

---

Lige Prieze is on his vacation from Warren's to assist with the harvest on his mother's farm near Silverton.

Mrs. Pearl Umphrey of Houston is visiting with her mother, Mrs. Jessie Reid, this week.

---

Mr. and Mrs. Woody Ferguson of Amarillo visited in the George Hill home Sunday.

## Church Is Scene For Steinke-Kuhlman Vows

Mr. and Mrs. Herbert Kuhlman are at home at Canyon, after a wedding trip to Ruidosa and the Carlsbad Caverns, New Mexico.

The couple were married Sunday afternoon, June 5, at Trinity Lutheran Church, Amarillo, with Martin S. H. Hartenberger, pastor, reading the double ring ceremony. Mrs. Kuhlman was Jeannine Steinke, of Cheyenne, Wyoming, daughter of Mr. and Mrs. A. E. Steinke of Lions Park, Cheyenne. The bridegroom is the son of Mr. and Mrs. Herman Kuhlman, Canyon.

Arnold Schueler, organist, played a prelude of nuptial selections, and accompanied Miss Ruth Steltzer in singing "The Lord's Prayer." The traditional wedding marches were used.

Branched candelabra lined the bridal aisle and arrangements of white gladioli, peonies and huckleberry foliage decorated the altar.

Alvin Kuhlman was his brother's best man. Ushers were Dale Pingle and Eugene McElroy.

Attending the bride as maid of honor, Miss Lillie Gwinn was gowned in aqua taffeta and carried a colonial bouquet of blue delphinium and Marconi daisies.

The bridesmaids, Miss Roberta Rapp and Miss Ben Etta Plummer, wore gowns in yellow and pink taffeta, respectively, and carried colonial bouquets of yellow and pink roses and Marconi daisies.

Entering on the arm of her father, who gave her in marriage, the bride was attired in a colonial gown of slipper satin, styled with a fitted bodice, lake yoke embroidered with seed pearls, long sleeves terminating in points at the wrists, and a bouffant skirt extending into a graceful train. Her veil of illusion was fastened to a tiara of seed pearls and orange blossoms trimmed in lace. She carried a shield of gardenia and white carnations showered with streamers of white satin ribbons.

Mrs. Steinke, mother of the bride, wore a Copenhagen blue dress with white accessories and a red rose corsage. Mrs. Kuhlman, mother of the bridegroom, wore a black suit with pink accessories and pink rose corsage.

Following the ceremony the bridal party was feted at a wedding supper. In the evening a reception was held in the Kuhlman home at Canyon. Arrangements of pink carnations, gladioli and peonies decorated the rooms and serving table.

For the wedding trip the bride traveled in a gray gabardine suit with Navy accessories.

Mrs. Kuhlman was graduated from Cheyenne high school. Prior to her marriage she was in nurses training at Northwest Texas Hospital.

Mr. Kuhlman graduated from Canyon high school, attended West Texas State and served in the Army Air Corps for three years. He is now engaged in farming at Canyon.

### SUNNY HILL H. D. CLUB MEETS WITH MRS. HENRY

The Sunny Hill Home Demonstration Club met at the home of Mrs. Orva Henry last week.

Mrs. Culp gave a demonstration on making cuttings and cutting beds. An interesting program on youth and school work were presented.

Mrs. Everett Evans was honored with a pink and blue shower.

Refreshments were served to Mrs. M. R. Miller, Mrs. R. B. Gist, Jr., Mrs. Everett Evans, Mrs. E. Culp, members; Betty Miller, Helen Hayes and Dorris Sellers, guests.

The next meeting will be at the home of Mrs. Lawrence Moore on July 14.

### TIME SAVING AND SCHOOL WORK PARK CLUB STUDY

The Park Home Demonstration Club met in the home of Mrs. Walter Simon on June 16.

The meeting opened with members repeating the Daily Creed and singing "America the Beautiful."

Roll call topic was "My Child's Favorite Subject."

Mrs. A. T. Burks gave the council report and Mrs. Frank Simon was elected to represent the club as a prospective delegate to the State T. H. D. A. meeting.

Mrs. G. W. Prater gave time and work saving suggestions that she had learned at a school held earlier in the year.

Mrs. C. A. Colling discussed "The Homework Handicap."

Tasty refreshments were served to a guest, Mrs. L. E. Hermesmeyer, and to members: Mrs. H. A. Simon, Mrs. Colling, Mrs. L. J. Raymond, Mrs. Burks, Mrs. Dick Raymond, Mrs. Fran Simon, Mrs. Prater, Mrs. Flynn Winters and the hostess.

### BUSINESS WOMEN PLAY BRIDGE AT MRS. CLAY COOPER'S HOME

On Wednesday evening the Business Women's Bridge Club met in the home of Mrs. Clay Cooper with Mrs. Ernest Johnson as co-hostess.

The group made a tour of inspection of the lovely new home of the Coopers before their series of games.

A delicious dessert plate and punch were served at the social hour to Mrs. M. D. Shepherd, Miss Mayme Shaver, Mrs. N. E. McIntire, Mrs. W. O. Parker, Mrs. W. E. Parker, Mrs. C. M. Presley, Mrs. Berl Mayfield, Mrs. Avis Flesher, Mrs. Tommye Pierce, Mrs. Bob Parson, Mrs. Cecil Simms, Mrs. R. E. Ball, Mrs. Hud Prichard, Mrs. K. E. Frieze, Mrs. Jewel S. Tabor, and the hostesses.

Mrs. Frieze won high score and Mrs. W. E. Parker low.

### MRS. C. H. JARRETT HOSTESS 1930 BRIDGE CLUB FRIDAY

On Friday afternoon Mrs. C. H. Jarrett was hostess to members of the 1930 Bridge Club at her home 2615 Fifth Avenue.

Beautiful arrangements of pansies and day lilies decorated the entertainment rooms.

At the social hour the hostess, assisted by her daughter, Mrs. Kenneth Gibson, served Lazy Daisy cake, orange sherbet and orange punch to Mrs. C. R. Burrow, Mrs. John S. Humphreys, Mrs. S. L. Ingham, Mrs. R. P. Jarrett, Mrs. F. E. Savage, Mrs. D. A. Shirley, Mrs. T. B. McCarter, and Mrs. Clyde Warwick.

Joseph Stalin O. K.'d the idea of a four-power meeting in paris primarily as a means of enabling Russia to get off a hot spot in Berlin, not as a maneuver designed to lead the way to formal peace. Russians still expect to do a lot of fishing in troubled waters.

Mr. Truman twice approved construction of a supercarrier by the Navy prior to the time that Louis Johnson, new Defense Secretary, vetoed that construction. The President then backed up the veto, putting himself on both sides of that issue at different times.

**HOUSE JOINT RESOLUTION NO. 22**

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceeding at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2) years next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms or sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent, or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on September 24, 1949, at which time all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending except as otherwise provided by law"; and

"AGAINST the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on such machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

**HOUSE JOINT RESOLUTION NO. 32**

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section following Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and committment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in September, A. D. 1949, at which election all ballots shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

**HOUSE JOINT RESOLUTION NO. 36**

proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to provide for the support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majrity of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Section 3. The governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

**HOUSE JOINT RESOLUTION NO. 38**

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the fourth Saturday in September, 1949; and at said election the ballots shall have printed thereon the words "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand ($5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

**HOUSE JOINT RESOLUTION NO. 5**

proposing an Amendment to Section 5 of Article II of the Constitution relating to sessions of the Legislature and what may be considered thereat and an Amendment to Section 24 of Article III relating to compensation of Members of the Legislature; specifying the time when the Amendment shall take effect if ratified; and providing for the submission of the proposed Amendment to a vote of the people.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Section 24 of Article III of the State Constitution be amended to read as follows:

"Sec. 24. Members of the State Senate and House of Representatives shall receive from the State Treasury an annual salary of Three Thousand Six Hundred Dollars ($3,600), to be paid in monthly installments on the first of each month.

"They shall be entitled to mileage in going to the seat of government for each session of the Legislature and returning therefrom, which mileage shall not exceed Two Dollars and Fifty cents ($2.50), for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel from a table of distances to each county seat prepared by the State Comptroller."

Sec. 2. That Section 5 of Article III of the Constitution be amended to read as follows:

"Sec. 5. Two (2) regular sessions of each Legislature shall be held; and until otherwise provided by law, the time of the convening of the first regular session shall be at noon on the second Tuesday in January of each odd-numbered year, and of the second regular session, at noon on the second Tuesday in January of each even-numbered year.

"At other times, when called by the Governor, the Legislature shall convene in special session.

"Appropriations for monthly recurring expenses and salaries paid by the State shall be made for a period of not more than twelve (12) months.

"At the second regular session of each Legislature, only proposals to amend the Constitution and to make appropriations to pay monthly recurring expenses and salaries and such other measures only as four-fifths (4/5) of the Membership of each House may determine shall be considered."

Sec. 3. The Amendments proposed herein, if ratified by the people, shall become effective January first, A. D. 1950.

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the fourth Saturday in September, 1949, same being September 24, 1949, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

"AGAINST the Constitutional Amendments relative to sessions of the Legislature and to compensation of its members."

Each voter shall express his vote on the proposed Amendment in the manner provided by law.

Sec. 5. The Governor of this State shall issue the necessary proclamation for said election and shall have same published as required by the Constitution and laws of this State.

**SENATE JOINT RESOLUTION NO. 1**

Proposing an amendment to Section 2 of Article VI of the Constitution, repealing the provision making the payment of a poll tax a qualification of an elector; requiring the Legislature to pass a general registration law for voters; providing for the necessary election, proclamation and publication by the Governor, and making an appropriation.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. Section 2, Article VI of the Constitution of the State of Texas be and the same is amended hereby so as to read hereafter as follows:

"Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one (21) years, and who shall be a citizen of the United States, and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that before offering to vote at any election a voter shall have registered as an elector before the first day of February next preceding such election. This provision shall be self-enacting. The Legislature shall pass a general registration law requiring registration of voters at a time not later than the first day of February for each election to be held for that calendar year, and the Legislature shall have power to prescribe a registration fee. The Legislature may authorize absentee voting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the 24th day of September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

"AGAINST the amendment to the Constitution of the State of Texas eliminating the provisions in said Constitution making the payment of poll tax a requirement for voting, and providing for a general registration law."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of said State.

Sec. 4. The sum of Five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

**SENATE JOINT RESOLUTION NO. 5**

Proposing an amendment to Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Article III of the Constitution of the State of Texas be, and the same is, hereby amended by adding to said Article a new section, to be known and designated as Section 48-d, reading as follows:

"Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Three (3c) Cents on the One Hundred ($100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the state at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts;" and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the return of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the state not otherwise appropriated to pay the expenses of such publication and election.

**SENATE JOINT RESOLUTION NO. 4**

Proposing an amendment to the Constitution of the State of Texas, by amending Section 19 of Article 16, so as to provide that the qualification of no person to serve as a juror on grand juries and on petit juries shall be denied or abridged on account of sex; provided that existing provisions of the Constitution shall be construed in conformity herewith; providing for the submission of this amendment to a vote of the people of Texas; providing the time, means and manner thereof; and making an appropriation for such purpose.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Section 19 of Article 16 of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 19. The Legislature shall prescribe by law the qualification of grand petit jurors; provided that the qualification of no person for service on grand juries or on petit juries shall be denied or abridged on account of sex, and no person shall be exempt from service on grand juries or petit juries on account of sex."

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on he fourth Saturday in September, 1949, at which all ballots shall have printed thereon:

"FOR the amendment to the State Constitution qualifying women as grand and petit jurors."

"AGAINST the amendment to the State Constitution qualifying women as grand and petit jurors."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this Resolution and the Constitutional Laws of this State, and return shall be made and the votes canvasssed and counted as provided by law; and if said amendment is adopted by the vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

**HOUSE JOINT RESOLUTION NO. 15**

Proposing an amendment to the Constitution of the State of Texas by adding a new Section to be known as Section 48-b, authorizing the Legislature to provide for the establishment of health units, and authorizing a tax in support thereof:

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That the Constitution of the State of Texas be and the same is hereby amended, by adding a new Section to Article III of said Constitution to be designated Section 48-b, reading as follows:

"Section 48-b. The Legislature shall have the authority to provide for the organization of county-city health units and the operation thereof and to authorize counties and cities to provide a tax of not to exceed twenty cents (20c) on the One Hundred Dollar ($100) valuation of taxable property in counties and cities for the purpose of financing the said county-city health units; provided that no such tax shall be authorized except by a vote of the people residing in the city or county in which said tax shall apply. The foregoing tax shall be levied only on county valuations."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in September, 1949, at which election all ballots shall have written or printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof," and

"AGAINST the Constitutional Amendment authorizing the Legislature to pass laws for the creation and operation of city-county health units and to authorize cities and counties to vote a tax in support thereof."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State.

**HOUSE JOINT RESOLUTION NO. 19**

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain countries upon a vote of the people therein.

**Be It Resolved by the Legislature of The State of Texas:**

Section 1. That Article XVI of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows:

"Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this Section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

## Miss Carlyn Wimberly Is Wed to Bill Montgomery in Home Wedding

MRS. BILL JO MONTGOMERY

Baskets of pink gladioli flanked by branched candelabra holding lighted pink tapers, formed the setting for the simple home wedding which united in marriage Miss Carlyn Wimberly of Canyon, and Bill Jo Montgomery of Amarillo. The bride is the daughter of Mr. and Mrs. Carl V. Wimberly of Canyon and the bridegroom is the son of Mr. and Mrs. Claude Montgomery of Shamrock.

Wedding vows were spoken in the home of the bride's parents on Fourth Avenue, at 1 o'clock Saturday afternoon, June 18. Rev. Roy L. Johnston, pastor of the First Baptist Church in Canyon, performed the double ring ceremony before members of the immediate families.

Pre-nuptial music was played on the piano by H. R. Fulton, Jr., and Mrs. H. R. Fulton, Jr., sang "O Promise Me" by DeKoven, preceding the ceremony. Traditional wedding marches were used, and "Clair de Lune" was played softly by the pianist during the exchange of vows.

Miss Martha Ann Montgomery, sister of the bridegroom, lighted the candles immediately preceding the ceremony. Her dress was of pink dotted swiss.

The bride's only attendant was her sister, June, who wore pink lace dress over pink net, styled with a fitted bodice, full skirt, and short capped sleeves. Her elbow length mitts were of pink lace, and she wore a picture hat of pink horsehair which was trimmed with small pink flowers and had long pink net streamers down the back. She carried a cascade bouquet of sweetheart roses.

Attending the bridegroom as best man was Marvin Tindall of Austin.

The bride, who was given in marriage by her father, chose for her wedding a white lace dress over pink net fashioned with capped sleeves, fitted bodice and full skirt. She wore white lace mitts, and a white picture hat which was trimmed in tiny pink flowers, and had long pink net streamers down the back. For something borrowed she carried a lace handkerchief which came from Czechoslovakia and belonged to Mrs. Dallas Milner. For something old she wore two gold bracelets which had belonged to her maternal grandmother, and were over 75 years old. Two of the bride's cousins had worn the bracelets at their weddings. Pink pearls, a gift of the bridegroom, completed her ensemble. She carried a cascade of barvardia and baby pink cala lilies.

For her daughter's wedding, Mrs. Wimberly chose a navy blue dress with navy accessories, and her corsage was of pink roses. Mrs. Montgomery, mother of the bridegroom wore a navy blue dress trimmed in white lace and her corsage was of white gardenias.

A wedding reception was held at 2 o'clock for friends of the couple. Guests were received by the wedding party and were conducted through the gift rooms by Margaret Bell, Billy Erwin, Shirley White and Wilma Lee Francis.

The serving table was laid with a white damask cloth, and centered with the two-tiered wedding cake, flanked on either side by pink tapers in crystal holders. Mrs. Edwin Adams of Plainview served the cake, and Mrs. Cecil Franks presided at the punch bowl. Mrs. H. R. Fulton, Jr., registered the guests.

Immediately after the reception, the couple left on a wedding trip to points in Colorado. The bride traveled in a biege gabardine suit with brown and white accessories and corsage of pink carnations. After July 1, they will be at home at 210 Arch Terrace in Amarillo.

Mrs. Montgomery was graduated from Silverton High School and is a graduate of West Texas State College where she was a member of Gamma Phi sorority and Alpha Chi honorary, and was chosen for Who's Who in American Colleges and Universities. She taught music in the Plainview public schools last year.

Mr. Montgomery was graduated from Shamrock High School and is a graduate of West Texas State College where he was a member of Alpha Sigma Xi fraternity, Alpha Chi honorary, and was also chosen for Who's Who in American Colleges and Universities. For the past two years he has been employed at the Shamrock Oil and Gas Corporation in Amarillo.

## Fern Pruitt Weds William Adcock Informal Service

The marriage of Miss Othell Fern Pruitt, daughter of Mr. and Mrs. C. A. Pruitt, to William A. Adcock, son of J. A. Adcock of Memphis, took place recently in the Church of Christ parsonage. Joe F. Watson, minister, officiated at the double-ring ceremony.

The bride chose for her wedding ensemble, a pink and navy fitted gabardine suit with navy accessories. Her corsage was of pink and white carnations.

Attending the bride as matron-of-honor, Mrs. C. L. Longbine wore a gray and blue suit with matching accessories. Her corsage was of sweet peas.

C. L. Longbine was best man.

Mrs. Pruitt, mother of the bride, was attired in a gray gabardine suit with white accessories and a corsage of red roses.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Andrew Hamel. Mrs. Hamel is a sister of the bridegroom. The serving table was laid with a lace cloth and centered with the bride's cake. Pink and white roses decorated the room.

For a trip to New Mexico, the bride traveled in a gray suit with blue accessories. Upon their return, the couple will be at home in Canyon.

Mrs. Adcock was graduated from Canyon High School in 1947 and has been employed by Motor Supply Co., Amarillo.

Mr. Adcock was graduated from Memphis High School and served in the Army for three years. He is now attending West Texas State College.

Only a few close friends and relatives attended the wedding. Out of town guests were Mr. and Mrs. E. H. Sanders, Mr. and Mrs. Therman Ellerd and Dewaine, Memphis; Mr. Mr. and Mrs. J. B. Whitten, Mrs. J. T. Whitten and Bobby, Hale Center.

### COOPER'S ENTERTAIN WITH ANNUAL STORE-WIDE PICINC

On Sunday employees and their families and a few especially invited guests were entertained with a picnic at the Methodist Camp Grounds, Ceta Glen Canyon.

Fried chicken with all the trimmings, ice cream and cake were served by the owners to their 43 guests for the day.

After lunch swimming and hiking were enjoyed by different groups.

Especially invited guests were Mr. and Mrs. Crannell Tolliver and Don, Joe and Dan Cooper of McLean, Joan and Mark Cooper, Miss Barbara Allen and Miss Lila Lill and Rev. E. I. Irvine and family.

## Umbarger News

Guests in the Ben Koch home Sunday were Mrs. Henry Batenhorst and family from Wildorado; Mr. and Mrs. Ben Buecker and family, Umbarger; Mr. and Mrs. Raymond Batenhorst and family, Umbarger; and Mr. and Mrs. Lewis Raef and family, Umbarger.

Mrs. Louise Kern and son, Clarence Kern, spent Sunday in the home of Joe Warren at Nazareth.

Mr. and Mrs. Vincent Friemel spent Sunday evening in the home of Raymond Batenhorst and family.

Mr. and Mrs. Conrad Westhoff and family and Joe Stuckstette visited Sunday evening in the home of Mr. and Mrs. Ben Koch and family.

Mr. and Mrs. Frank Grabber went to open house held for Mrs. J. C. Berg on her 80th birthday at St. Francis.

Exchanging visits were: Bernice Grabber with Helen Raef, Anna Buecker with Mary Fishbacher, Barbara Raef with Theresa Batenhorst.

Mr. Truman is giving thought to the idea of blaming Republicans for the bad times that accompany a deflation. The claim will be that Republicans caused the depression by blocking the White House program of subsidies and social-welfare legislation.

John D. Lodge, Member of Congress from Connecticut: "We are still not winning the cold war."

## *Former Pastor in High Praise of His Church Work Here*

Rev. M. M. Beavers of Hereford will be 75 years old next Sunday. His birthday was celebrated last Sunday on Father's Day when his family gathered for the occasion.

After 34 years in the Methodist ministery he retired and lives in Hereford.

Mrs. Bessie Patterson, a former Canyon girl, wrote an interesting review of Rev. Beavers' work, part of which follows:

Two of his most beloved pastorates were in Hereford and Canyon. He came to Hereford in 1920, spent four years here, and then moved on to Canyon, where he spent a little over four years.

"That was longer than I spent most places, though. I usually got them told in less than four years," he declared.

He still is proud that he was permitted to help build the Methodist Church in Canyon, one of the first modern buildings of its kind in the Plains area. He liked working with the young people there, too."

"At Canyon I came to know one of my most appreciated friends outside my own church. He is an A-1 Christian gentleman and my life-long friend—Dr. J. A. Hill. He is a Baptist—but not enough to hurt," he reminisced.

The move to Canyon was welcomed, coming as it did just when one of the boys was ready for college. They were wondering how they would send the children to school, and that move enabled several to attend West Texas State Teachers College, as it was known then.

"I always had good fellowship with preachers of other faiths," the grey - haired pastor commented. "Once in a while I met one who showed a tendency to argue. However, they always said they were satisfied with their religion, and I was satisfied with mine, so that ended it."

The White House, temporarily, is going along with the advisers who say that it is best to let deflation run its course. No big new plan is being hatched to spring on the country as a cure-all for its economic troubles.

Alben W. Barkley, Vice-President: "It's up to us to combat alien doctrines being taught in Communist countries."

## Application Is Made For D. P. Family Locally

Forward steps were taken Monday night at the meeting in the City Hall on the committee on Displaced Persons.

Papers were signed and sent in Tuesday by three responsible citizens, guaranteeing places for one family of four, one person or family, and one orphan girl in her teens.

The committee will welcome other sponsors as the names can be sent in at any time. Later news will be given as information arrives from the detention camps.

As yet no contributions are solicited, except prayers for guidance in the selection of the right people.

All placements are handled thru the Church World Service, though each church has individual set-ups.

The following facts are given regarding Displaced Persons:

It costs American taxpayers $400,000 a day to maintain displaced persons in European detention camps

According to a survey made by a metropolitan newspaper, tens of thousands of Americans will be able to obtain better positions as a result of displaced persons providing certain specialized skills. The displaced persons will thereby make possible increased production and create a demand for more workers in the industries involved.

Government officials have estimated that these factors will add a minimum of $200,000,000 a year to our national income.

The bulk of the displaced persons are skilled and self-supporting. About 81,000 are workers in crafts and industries. There are some 63,000 agricultural workers; some 18,000 are constructions workers; about 18,000 are domestics; over 35,000 are in professional and managerial fields.

The displaced persons' most cherished desire is to start a new life in a country where there is freedom of speech, freedom of worship, freedom of movement.

It has been estimated that it takes only about six months to get individuals or family groups settled and completely self-supporting. According to reports made to the Immigration and Naturalization Service by the voluntary agencies, of all the displaced persons who have come here thus far, there hasn't been a single case of a public charge.

The U. S. Displaced Persons Commission, Displaced Persons State Commissions and voluntary agencies assist in the immigration of displaced persons, in their resettlement in small towns and farming communities throughout the country, and in their integration into our cultural and economic life.

During the 1940-1946 war period the United States lost 914,762 prospective citizens, who could have legally come here, but did not do so because of the war.

William Green, President of the A. F. L., said that this country could easily absorb 400,000 DP'S in four years. Phillip Murray, President of the C. I. O., said that displaced persons would stimulate employment.

### HE KNEW THE ANSWERS

A young policeman was undergoing an examination.

"Now assume," said the examiner, "that you were walking along a scheduled path, and a young woman rushed up to you and reported that a strange man had just embraced and kissed her what would you do?"

"Well, sir," said the candidate. "I would do several things. But first, with the young lady's assistance, I think I would endeavor to reconstruct the crime."

### TOUGH SITUATION

A man went to a physician, complaining of prolonged headaches. the doctor told him to stop smoking.

"I have never used tobacco in any form."

"Late hours, then, and fast women."

"I am always in bed by nine, I am a bachelor and live with my old maiden aunt. Now seriously, what causes my headaches?"

Well then, stop drinking."

"I am a total abstainer."

"I don't know," said the balked doctor, "I guess your halo's pinching.

It isn't the heat, it's the people who keep telling us about the humidity.

Louis A. Johnson, Secretary of Defense: "If there is aggression we are calmly confident that we can stop it."

Union getting greater role in management, economist says.

## *Vacation Time Must Be Spent Wisely by American Citizens*

Vacation time is now being enjoyed by the hundreds of thousands of school children, college students and teachers. After a strenuous session of hard work, a little period of rest and recuperation is deserved and appreciated by all of them.

Wouldn't it be fine if in all vocations in life, there could be arranged a vacation like that of the school children and teachers, with pay the twelve months? Too many men and women grind from start to finish of their earthly career and stop only at the final heartbeat.

Sooner or later, in the progress of the world, more leisure time will be available for the average man and woman. What will be done with this spare time? Are we preparing ourselves to enjoy leisure in a healthful and helpful manner.

President Truman continues to be bewildered by the advice he gets about how to deal with the business decline. One group of economic advisers tells him that it will be best for the country to go through this deflation "the hard way," taking its bumps in order to get toughened. Another group says that the time is here to go back to pump priming.

Charles Brannan, Secretary of Agriculture, is encouraged by farmer response to his plan for bolstering farm income with checks direct from the Treasury, if that income from the sale of goods is not as high as the Government would find reasonable. Republicans now plan to come out with a counter promise in 1950 to compete for the farm vote.

Israel plans austere economy with food rationing.

## Investors Get a Small Return on Invested Stock

Those "soulless corporations" we are always reading about take in a lot of money in the course of a year. Some of them ring the cash register to the tune of billions. So it appears to many people that the owners of their securities are really in the velvet, and that every time we buy a corporation produced commodity a large part of what we spend finds its way into the pockets of the lucky stockholders.

Does that sound reasonable? Well, whether it does or not, it simply isn't true for the average corporation. Here, for instance, is a breakdown of last year's financial operations of one of the major automobile manufacturers.

The company took in the neat sum of $1,577,000,000. Two-thirds of it — $1,024,000,000 — went right out to other companies from which it bought materials, supplies and services. Of the remainder, wages took the lion's share—$289,000,000. The tax collector reached in to the tune of $151,000,000. Wear and tear on equipment ran up a bill of $24,000,000, and $54,000,000 had to be reinvested in the business so it could keep up with the times and the competition. Finally, $35,000,000—out of that huge $1,577,000,000 which was received from sales of its products—went to the corporation's 60,0000 stock-holder-owners.

The point is clear. The stockholder is pretty small potatoes when it comes to dividing up the money business take in.

## *P-TA Announces Award Scholarships To Future Teachers*

Twelve scholarships of $200 each have been awarded by the Texas Congress of Parents and Teachers to in-training teachers of junior or senior rank in six of the state teachers colleges to help alleviate the teacher shortage.

To be eligible the student had to have high moral and social standards, a high scholastic rating, special aptitude for teaching, good health, a pleasing personality, and be a resident of Texas. No repayment is required except that the recipient teach in the public schools of Texas a year for each year the scholarship is received.

Recipients for West Texas State College were, Martin Everett McMurray, Canyon; Edith Mae Morrow, Pampa.

Once you begin to direct the economic activites of the individual, you inevitably come to direct most of his other activities as well. There can be no freedom of the individual without a free economy.

William F. Halsey, Admiral, U. S. N., retired: "The carrier is the spearhead, the cutting edge, of modern naval power."

## Use More Milk Is Urged By Texas State Health Dept.

In view of the fact that June has been proclaimed National Dairy Month, Dr. Geo. W. Cox, State Health Officer, urges that with the more extensive use of milk, both producer and consumer be concerned as to its quality. The use of clean milk is a health measure.

Local interest in improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for the enormous saving in infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Dr. Cox added, "Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulent fever, diarrhea and enteritis. Numerous milk-born outbreaks of disease occur every year in this country from the use of milk that might have been safe with proper care.

"We should firmly insist that the milk we drink be carefully produced, so that we will have the maximum practical protection along the line from the cow to the consumer."

## Good Manners on Hiways After Dark Prolongs Life

Investigation of traffic accidents leads to the conclusion that night travel is at least twice as dangerous as day time travel.

It seems certain that one of the contributing factors to this increased danger involves inadequate lighting facilities of some automobiles. Sometimes the accident is caused by insufficient light on the highway and, at other times, by excessive glare which blinds the drivers of approaching vehicles. In either case, accidents are more likely to occur.

The automobile drivers of Randall County who find themselves on the highway after dark, can contribute to the safety of themselves, other motorists and pedestrians, by observing the ordinary rules of good manners. For example, one driving an automobile with its beaming headlights can show a regard for others by promptly dimming them upon meeting another vehicle. The failure to do this simple thing often is the cause of a wreck, involving the careless driver, and, at times, preventing another driver from seeing a pedestrian or obstacle in his path.

**COULD BE**

This is the month of cliches: June moons, June brides, and sweet girl graduates. Any connection?

## Gimme-crats Are Sapping at Roots Of Government

Robert Kazmayer, the well known lecturer and commentator, recently made a penetrating observation on our internal weakness. He said: "The real danger in the U. S. today lies not in Washington, but at the grassroots. Governments have always tended to usurp more and more power unto themselves. In every free organization there is the seed of tyranny. That's why eternal vigilance is the price of liberty. The real danger in the U. S. lies with the millions who are apathic. Democracy is going by default. Men and women are being promised by their government things—things which that government cannot deliver, not over any protracted period of time—for no government can go on promising more and more people more and more of everything, without telling anyone that someone has to pay the bills. Lulled into a false-security by these promises men are exchanging their liberties, their initiative, their dignity, their heritage as free men, for a bunch of theories, most of which are imported from countries which are already dependent on the U. S. for support."

There's no sense in kicking at the government, as if it were something separate and apart from us. The government is what we make it by the public servants we elect to office. In late years, there has been a disgraceful increase in the "gimme" attitude indulged in by individuals, by local governments, and by various groups, all seeking special favors and benefits. This represents the "get something for nothing" psychology in its worst form. And it is exactly the kind of thing which starves freedom and fattens tyranny.

## Hard Work Never Has Killed Any Interested Person

Every once in a while, we hear somebody comment upon the fact that somebody "worked himself to death."

As a matter of fact, few, if any, individuals have ever worked themselves to death. People get physically tired, not by the exercise or exertion involved, but rather through a lack of interest in what they are doing. An example in point, is the case of the little boy, too tired to hoe his mother's garden, but not too tired to play a game of baseball.

Anyone, interested in what he or she is doing, forgets fatigue. Of course, the thing can be overdone, but this is very rare.

Secretary Johnson rescinded his Directive No. 1, imposing a tight censorship on the armed services, because he discovered that information had a way of getting out anyway. Air Force, which was supposed to be protected by the censorship, actually discovered that it was handicapped in telling its story.

New Deal Senators who have proposed a so-called Economics Expansion Act did so just to make it appear that somebody is thinking about problems that go with a deflation. Actually the bill is a collection of all kinds of ideas, rejected by Congress at one time or another, and isn't a design for a planned economy. It isn't to get much attention.

Sam Rayburn, House Speaker, is opposed to the plan to direct the President to cut expenditures by a fixed amount after Congress votes appropriations, unless the President at the same time gets authority to eliminate some expenditures that he regards as unnecessary. Congress would like to pass the buck on spending but doesn't want to give the White House authority to eliminate pet projects of specific members of Congress.
